ABOUT US

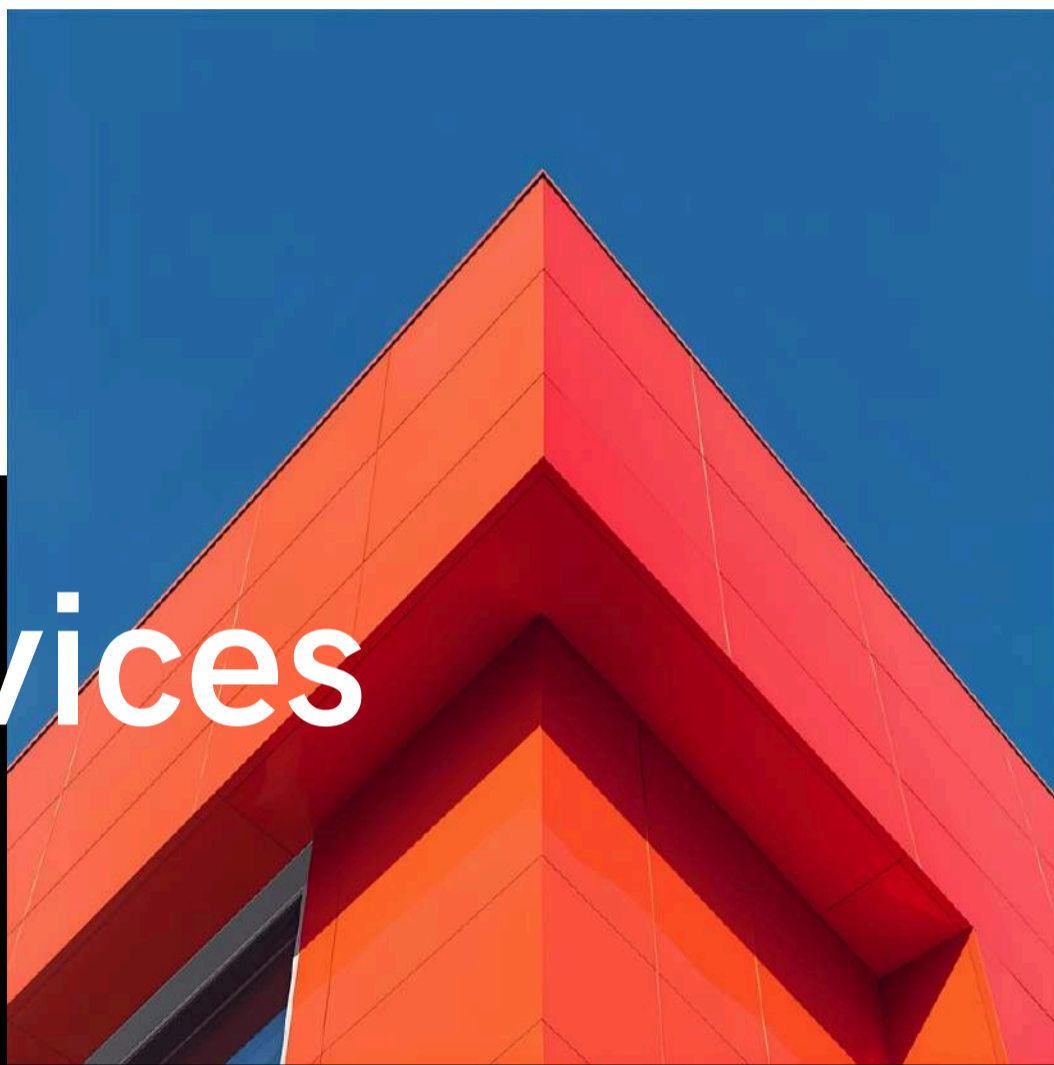

Sixty Newton Technical Services is a specialist contracting company powering some of the UAE's most demanding projects. We focus on complex, design driven and heavy duty works where precision, programme and performance really matter. From microtopping and epoxy to cementitious polyurethane and ESD floors, we turn drawings into durable, seamless finishes that look sharp and work hard on site. Backed by approved applicator status with leading brands and a portfolio that includes Atlantis The Royal, Al Wathba Desert Resort & Spa and key St. Regis developments, we don't just hand over projects – we build long term trust with every client.

07
